

HEAD OF IRE (RDCRB),INDONESIA visited NILIM

Mr.Agus Bari Sailendra, Head of IRE (Institute of Road Engineering/ Research and Development Center of Road and Bridge), Ministry of Public Works, Indonesia and Mr.IGW Samsi Gunarta, Director of Program and Collaboration Division, IRE visited here on 14th to 15th June, for having talks of the Pre-Meeting of the Asia and Pacific Symposium on Highway and Transport Research in BALI to be held on 14th to 15th October in BALI.

At the meeting, there were remarks relating to the theme and activities of the Asia-Pacific, especially for the needs of adaptation to Climate Change in the sphere of research program, which should be initiated in accordance to the MoC between NILIM and IRE, signed on 11 November last year. As for technical sessions set out, environmentally friendly road and transport system was identified for the main issue.

Mr.AGUS and Mr.SAMSI

(International Research and Promotion Division)
