

The Memorandum of Cooperation (MoC) signed  
between The Directorate for Roads of Viet Nam (DRVN) and NILIM  
concerning joint research and development in the field of road bridges

December 20<sup>th</sup>, 2019

The Directorate for Roads of Viet Nam (DRVN) and National Institute for Land and Infrastructure Management (NILIM) signed The Memorandum of Cooperation (MoC) concerning joint research and development in the field of road bridges.

The objectives of research cooperation are as follows:

- ◆ Improvement in design, construction and maintenance of road bridges
- ◆ Development of performance evaluation protocols for non-destructive testing technology and monitoring technology

DRVN and NILIM also agreed to invite Vietnam-Japan Research and Development Center (ViJARD) as a nodal point of effective and efficient cooperative research activities. ViJARD is established by the University of Transport and Communications (UTC) as part of its organization to promote scientific and technological cooperation between Vietnam and Japan.
