

## CONTENTS

<b>Y.Inoue, Y.Suzuki, R.Uematsu, M.Suwa, R.Hiraide</b>	Sewerage system for tropical and subtropical countries ·····	1
<b>Y.Inoue, R.Himono, T.Toyoda, M.Nose</b>	Rehabilitation of sanitary sewers ·····	3
<b>Y.Inoue, M.Matsubara, T.Toyoda</b>	Utilization of urban stormwater in sewerage ·····	5
<b>Y.Inoue, R.Uematsu, T.Yoshida, M.Morikane</b>	Benefit analyses of sewage works ·····	7
<b>Y.Inoue, R.Himono, T.Toyoda, M.Nose</b>	Investigation of wastewater characteristics and deterioration of pipe system ·····	9
<b>Y.Inoue, R.Himono, T.Toyoda, M.Nose</b>	Standard for discharge of domestic wastewater with high concentration ·····	11
<b>Y.Inoue, Y.Suzuki, R.Uematsu, K.Takamura</b>	Optimum water cycle in urban areas ·····	13
<b>Y.Suzuki, M.Ogoshi, H.Yamagata, S.Kim</b>	Biological decomposition of endocrine disrupting substances ····	15
<b>Y.Suzuki, T.Hatatsu, M.Nakamura</b>	Fate of pathogens in natural waters ·····	17
<b>Y.Suzuki, T.Hatatsu</b>	Energy saving of nitrogen and phosphorus removal systems ····	19
<b>Y.Suzuki, M.Ogoshi, M.Suwa</b>	Risk management of pathogens in sewerage system ·····	21
<b>Y.Suzuki, H.Yamagata, A.Kitanaka</b>	Removal of endocrine disruptors by wastewater treatment ·····	23
<b>Y.Suzuki, M.Ogoshi, H.Yamagata</b>	Research on wastewater reuse system as an urban infrastructure ·····	25
<b>H.Morita, S.Ochi, T.Kitamura</b>	Control of pathogenic microorganisms in wastewater system ····	27
<b>H.Morita, Y.Kawashima, Y.Ikeda</b>	Control of heavy metals in sludge treatment process ·····	29
<b>H.Morita, Y.Kawashima</b>	Unit environmental load for LCA of sewerage system ·····	31
<b>H.Morita, S.Ochi, T.Kitamura</b>	Identification of pathogenic microorganisms in wastewater system ·····	33
<b>H.Morita, S.Ochi, M.Minamiyama</b>	Behavior of endocrine disruptors in sewage sludge ·····	35
<b>M.Takahashi, Y.Suzuki, H.Morita, S.Ochi, R.Hiraide</b>	Reducing CH <sub>4</sub> and N <sub>2</sub> O gas emission from wastewater treatment facilities by improving applicability of core controlling technologies ·····	37
<b>H.Morita, S.Ochi</b>	Systems for using the self-energy of sludge ·····	39
<b>H.Morita, H.Saino</b>	Sewage sludge treatment with other sludge which differs from sewage sludge ·····	41
<b>H.Morita, H.Tanaka, S.Ochi, M.Minamiyama, K.Komori, Y.Okayasu</b>	Development of technology for dioxin contaminated soil countermeasures ·····	43
<b>H.Tanaka, K.Komori, M.Shirasaki, H.Ishii, K.Taketoshi</b>	Effects of sewerage in watershed ·····	45
<b>H.Tanaka, A.Takahashi, Y.Yakou, M.Saito, T.Higashitani</b>	Evaluation methods of contamination discharged from urban wastewater affecting source water of drinking water supply ··	47
<b>H.Tanaka, K.Komori, M.Shirasaki, H.Ishii</b>	Research on the alteration of endocrine disruptors in water environment ·····	49
<b>H.Tanaka, K.Komori, A.Takahashi, Y.Okayasu, Y.Yakou</b>	Novel technology for detection of micropollutants in wastewater ·····	51
<b>H.Tanaka, K.Komori, Y.Okayasu, K.Taketoshi, Y.Yakou, T.Higashitani</b>	Technological development for the prevention of hazardous substances in sewerage ·····	53
<b>H.Tanaka, K.Komori, A.Takahashi, Y.Yakou, M.Saito, T.Higashitani</b>	Evaluation of aquatic ecosystems affected by sewerage systems ·····	55
<b>H.Tanaka, M.Shiraisaki, H.Ishii, K.Taketoshi</b>	Systematic way of surveying water quality of rivers ·····	57
